

MultiQuad®

The Last Exhibit You'll Ever Buy

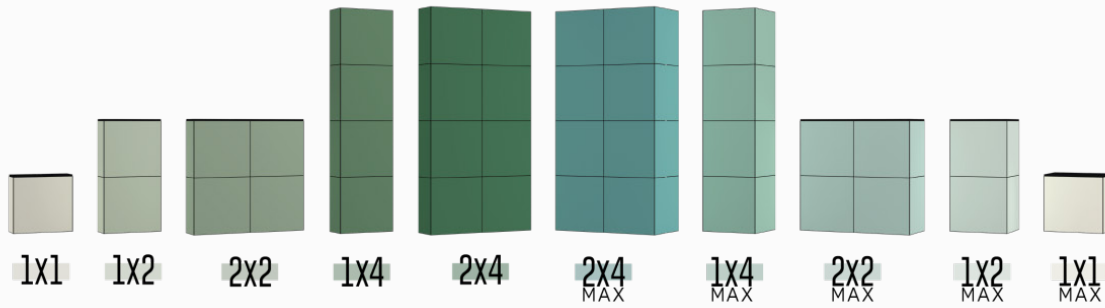

MultiQuad®

MultiQuad® is a portable display composed of interchangeable frames and Quads®, giving you the freedom to change messages and images quickly to respond to market demand. Each Quad® easily attaches to the frame with magnets so a change can even be made during a show since no tools are required.

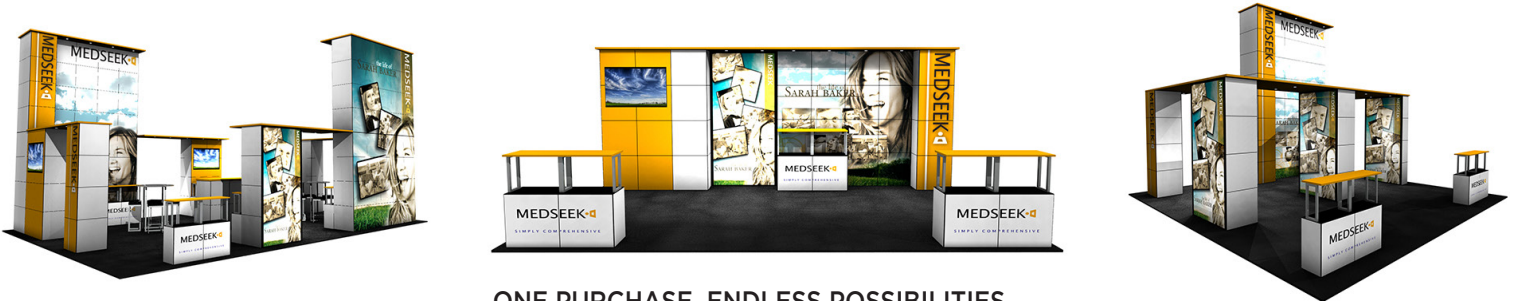

MultiQuad®

The Last Exhibit You'll Ever Buy

10 SIMPLE COMPONENTS
ALUMINUM FRAME + QUADS® = FINISHED EXHIBIT

ONE PURCHASE. ENDLESS POSSIBILITIES.

Buy one MultiQuad® configuration and you can use the same components to create dozens of other exhibits.

VARIETY OF ACCESSORIES

Achieve different results depending on your show needs with our variety of available MultiQuad® accessories including product showcases, monitor mounts, seating and podiums.

EASY TO ASSEMBLE

MultiQuad® utilizes a foolproof labeling system with all parts color coded & numbered. Simply connect where two numbers match with our exclusive Build by Number Assembly System™. Build with thumbscrews. All done with no tools required!

Join our Redeem for Green Program and get money back for your exhibits!

MORE ABOUT QUADS®

Quads® are precision CNC cut square panels with magnets on the back that attach to the MultiQuad® frames to create the finished MultiQuad® product. While frames provide the structure, Quads® give the finished look. Quads® have built-in black reveals on the edges to give a modern look and minimize the gaps and seams due to uneven trade show floors.
